Name/text to be Printed on DVD - 3 (up to 45 characters)

Name/text to be Printed on DVD - 4 (up to 45 characters)

For additional video DVD printed names, please fill this in the additional information box below.

**Chapter Points Relevant.** Yes please insert chapters at relevant points in my video movies.

Priced at \$3.00 per Video Tape. Number of videos for relevant chapter points

**.AVI Files.** Yes please provide additional raw uncompressed captured .avi video files.

Priced at \$3.00 per Video Tape. Number of video tapes for .avi files

**.MPEG Files.** Yes please provide additional Mpeg files.

Priced at \$3.00 per Video Tape. Number of video tapes for .mpeg files

Provide details below of which tapes you would like avi or mpeg files for.

Please note that due to the large file size of uncompressed avi files and mpeg files you will most likely have to supply us with a portable hard drive or USB stick to put the files on for you.

To ensure the highest quality possible we use uncompressed video capture to DVD transfer which equates to 1 hour 30 minutes video playing time per DVD. It is possible to compress your videos to fit more onto a DVD, however the more you compress the lower the quality. Therefore the maximum amount of compression that we use will allow up to 2 hours of video playing time per DVD.

If you would like us to compress your videos at no extra charge tick here

<b>Total Price</b> excluding postage	\$ <input type="text"/>
